World's 1st Plant-Based
Antimicrobial Pet Care

Natureal

Nature's Pet Shield

What is Natureal?

Natureal is a 100% plant-based antimicrobial solution designed to protect your pets from harmful bacteria, viruses, fungi, and other toxic agents.

Powered by Singapore's pioneering sustainability technology—ViKang™, Natureal offers a safe and eco-friendly way to keep your pet healthy and protected.

How does Natureal work?

Natureal embeds the power of ViKang, an antimicrobial material derived from upcycled food ingredients. This technology not only eliminates bacteria, viruses, and fungi but also promotes wound healing, providing your pet with long-lasting protection.

How do Natureal benefits my pets?

- Natureal embeds the power of ViKang™, an antimicrobial material derived from upcycled food ingredients.
- This technology not only eliminates bacteria, viruses, and fungi but also promotes wound healing, providing your pet with long-lasting protection.

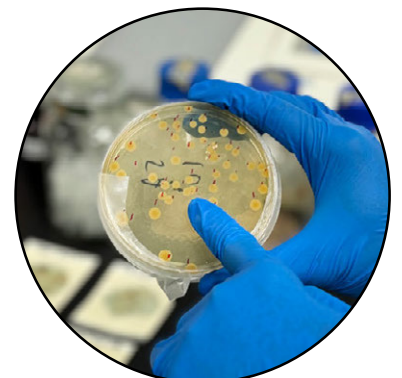

Is Natureal safe for pets?

Yes, Natureal is safe for both pets and humans!

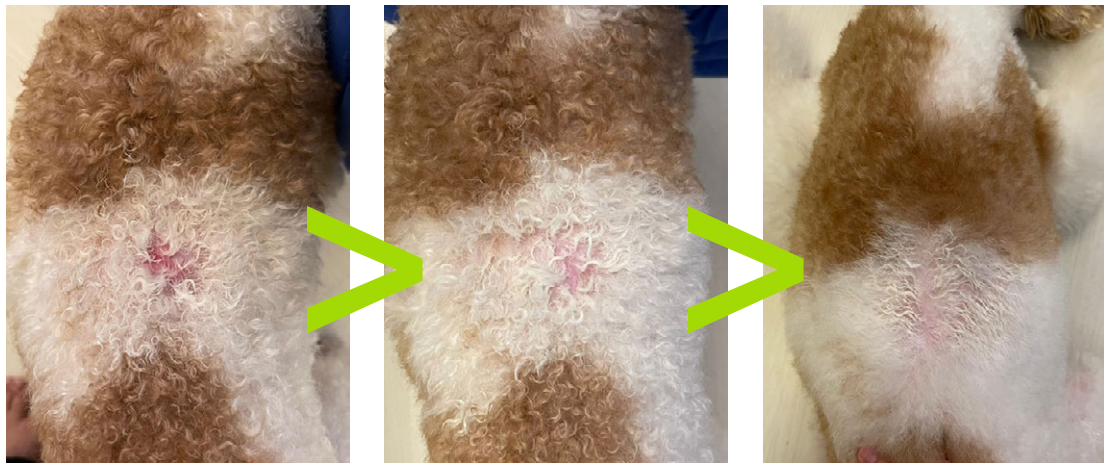

The key ingredients of Natureal – ViKang™ come with a range of prestigious certifications, including Intertek's 99.9% Antibacterial Certification, EN1276 Test Certified. And ISO 22196 Test Certified. It's 100% human food-grade, contains natural antimicrobials, making it free from chemicals and alcohol. SGS REACH Test report is available.

Certified by TÜV SÜD PSB (99.9% antibacterial) and SGS REACH Test (report available).

Nature's Pet Shield

NEW
ARRIVAL

- ✓ Naturally eliminate more than 80% of bacteria and viruses
- ✓ 24 Hours of Continuous Antimicrobial Protection
- ✓ Easy to Scoop, Fast Clumping
- ✓ Non-Tracking & Deodorise
- ✓ Non-Toxic

Ingredients:

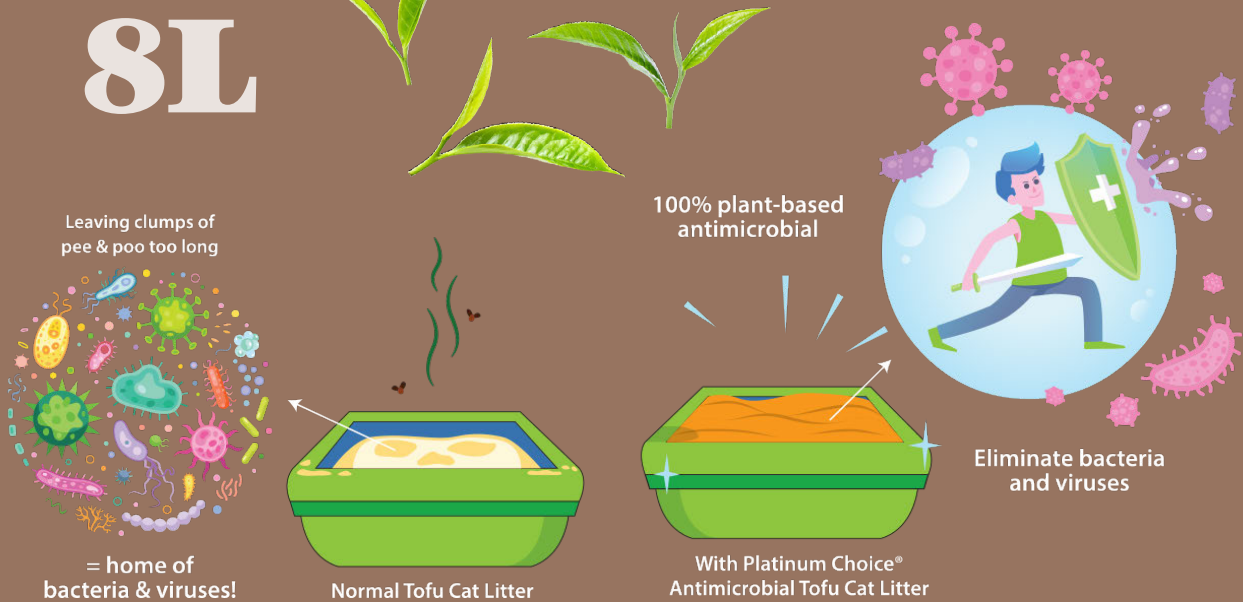

Natural Tofu,
100% Plant-based ViKang™ Antimicrobials

Suitable for : Cats Only

Platinum Choice® Antimicrobial Tofu Cat Litter is a premium, eco-friendly litter made from food-grade, non-toxic ingredients that deliver powerful clumping and superior odour control. Its antimicrobial formula helps eliminate over 80% of bacteria and viruses, while the lightweight, dust-free texture forms tight clumps for easy, hassle-free cleaning. Naturally biodegradable and flushable, it offers a convenient and hygienic solution for maintaining a fresh, clean environment for both you and your cat.

PREMIUM Bentonite CAT LITTER

Strong absorption
forming hard clumps

Platinum Choice® Bentonite Cat Litter has strong and fast absorption ability, fast absorption of urine and bad odour providing the surrounding air fresh and clean. Strong absorption forming hard clumps, easy for scooping leaving no mess behind. Ball shaped to prevent tracking and sticking on paws and fur.

Directions for Use:

Fill the litter tray to a height of 7 – 10 cm with Platinum Choice® Bentonite Cat Litter.

Depending on your cat's habits, remove the clumps or solid waste from the tray with a scoop daily, remaining cat litter stays clean and fresh. Refill the tray to maintain the height of at least 7cm of litter.

Protein (Min.): 9.0%, Fat (Min.): 9.0%, Fiber (Max.): 0.5%, ASH (Max.) 2.5%, Moisture (Max.): 78.0%, ME 111.5kcal/100g

*A Complete Nutritional Meal
Your Cat Will Love!*

- **Taurine Added for Shiny Eyes**
- **Vitamin Enriched**
- **Scientific Academy Proven**
- **Low Magnesium**

Aristo-Cats® Cat Food, we aim to provide premium quality food at competitive prices. We make sure to use only the highest-quality ingredients. In fact, we get a lot of them in the south where it is manufactured (which saves a lot of transportations cost).

Our meat proteins are exclusively poultry based because, well, other proteins just won't do. It combines just the right amount of grains plus fortified vitamins and minerals to create a 100% balanced meal for your cat or kitten.

We love animals, and that passion drives us to provide what's best for your playful friends.

Cat Snack

REAL FISH MEAT & NOTHING ELSE!

Freshly cooked & vacuum packed to retain the freshness & natural savoury taste of fish meat.

Inner Box: 20 Pieces (25.5cm x 11cm x 21cm)
Carton Box: 160 Pieces (465cm x 27cm x 45cm)

Salmon is packed with protein, omega-3 fatty acids, potassium, selenium, and B vitamins such as niacin, B6, and B12, all of which play crucial roles in your cat's health.

Tuna is high in protein and low in carbohydrates. It's also rich in omega fatty acids, which improves cardiac health and helps your cat maintain a thick, rich coat. Many of these oily fish's vitamins and minerals also benefit our feline friends.

As one of the lower-fat types of fish, cod is a good source of protein for cats. It contains significant levels of omega-3 fatty acids which can boost heart and kidney health, help the immune system, and aid brain development.

Icy Cool Powder

Canines' Language® Icy Cool Powder is specifically produced for dogs. It contains active ingredient, Triclosan, which has antibacterial and antifungal functions, it has the ability to stay at your pet's fur for a certain period of time, thus doing the job of killing germs all the while. Allantoin, which is a chemical compound produced naturally that is odorless, safe, non toxic and non-allergenic is included as well, Allantoin is moisturizing and keratolytic, it helps skin to heal quickly and moisturize effectively. Menthol, which is able to give a cooling effect, quickly soothes the skin and relieve skin irritation, meaning it has the abilities to stop your dog from scratching it's skin to certain extent. It can also increase comfort in hot weather. This product can also be treated just like an ordinary powder, it's fragrance is so deodorizing that both you and your dog will definitely enjoy.

Ingredients:

Talc, Menthol, Triclosan, Allantoin, Fragrance
